

Exam Board Decision Worksheet

One row per subject. Compare your real options before you commit to anything.

Subject	Board options	Coursework? (Y/N)	Centre confirmed? (Y/N)	Cost per subject

Tip: fill in one row per subject you are considering, then compare the bottom-line cost and centre column before you enter anything.

This is a planning tool, not financial or legal advice. Always confirm current costs and requirements directly with your chosen exam board and centre.
