

The Halloween Learning Scavenger Hunt

Nine things to find, notice, or do this October. History, nature, and a little seasonal fun, all in one.

- 1 ☐ Find three different coloured leaves on a walk
- 2 ☐ Spot a fire or flame, the way Celtic tradition once used fire to ward off spirits
- 3 ☐ Learn one new Halloween word and its origin
- 4 ☐ Find or draw a turnip
- 5 ☐ Count how many days there are between Halloween and Bonfire Night
- 6 ☐ Listen to the wind, or watch it move something outdoors, for one full minute
- 7 ☐ Write down one thing you would have done at a Samhain gathering 2,000 years ago
- 8 ☐ Find something round to estimate the weight of, pumpkin or otherwise
- 9 ☐ Share one thing you learned about Halloween's real history with someone else

This is an activity sheet, not a legal requirement. There is no obligation to mark Halloween in any particular way as a home educating family.
