

Box Labels and Supplies Checklist

Three labels to cut out and stick on. One honest checklist of what you actually need to start.

Cut-out box labels

Cut along the dashed line and stick each label onto a box, tub, or shelf.

ACTIVE This week only	EVIDENCE Capture as it happens	EVERYTHING ELSE One in, one out with Active
---------------------------------	--	---

What you actually need to start

- ☐ Basic stationery (pens, pencils, paper)
- ☐ A few core resources matched to what your child is doing right now
- ☐ Something to capture evidence in, notebook, folder, or your phone
- ☐ That is genuinely it, to begin

This is a planning tool, not a legal requirement. There is no set list of supplies required to home educate in England.
