My Project Planner

This one's for you, not your parents. Fill in whatever you actually want to explore.

1 What do I want to find out about?

2 Why does this interest me?

3 What do I need to explore this?

Books, websites, people to ask

4 How will I show what I've learned?

A poster, a video, a write-up, whatever fits

5 When do I want to have this done by?

This is a planning tool, not a legal requirement. There is no set format your project needs to follow.

Your child's learning life, beautifully kept. · littlefolio.co.uk
