

The Suitability Self-Check

Not a form to submit to anyone. Three questions, three legal tests, and an honest look at where you already stand.

1 Efficient

Where has my child genuinely moved forward this term, even a little?

2 Suitable

Does what we are doing actually fit my child, not a generic idea of school?

3 Full-time

Is learning a real, regular part of our week, not an occasional add-on?

This is a reflection tool, not a legal document. It is for your own clarity, not something you are required to complete or share.
